Queensland branch meeting

Interesting Case Night

The ASA Queensland Branch warmly invites you to an evening of socialising and learning.

Come along to the interesting case night and share a recent best case or pathology review. This is also a great opportunity for students to hone their presentation skills in a friendly and supportive environment. Of course, you can attend the evening without needing to present.

Guidelines for presenting a case study:

- Presentations should be 7 slides in 7 minutes
- Ensure that patient ID is removed from images and clips
- A suggested presentation structure includes: title, patient history, images/clips highlighting key learning points, patient follow-up and outcomes
- Presentations should be uploaded to a USB and it is recommended that images are also uploaded to a separate device in case of any issues

RSVP: Please send through your name, presentation title and short bio by 5 March 2021 to rachel.veitch@health.qld.gov.au

Please keep in mind that registration is essential to comply with COVID-safe regulations.

Earn valuable CPD points for presenting an interesting case
10 PD-asa points = 10 ASAR credits
