## ASA Website Disclaimer and Limitation of Liability

This website is provided for general information only. ASA does not represent or warrant that the content of this website is accurate, authentic or complete or that the information contained in this website is suitable for your needs. You must not rely on this website as a statement of policy, except where clearly stated. You should assess whether the information is accurate, authentic or complete and where appropriate, seek independent professional advice.

To the extent permitted by law, ASA excludes liability for any loss (including loss from viruses) caused by use or reliance on this website. ASA may amend or withdraw material on this website at any time without notice.

This website provides links to external websites. ASA does not control and accepts no liability for the content of those websites or for any loss arising from use or reliance on those websites. ASA does not endorse any external website and does not warrant that they are accurate, authentic or complete. Your use of any external website is governed by the terms of that website. The provision of a link to an external website does not authorise you to reproduce, adapt, modify, communicate or in any way deal with the material on that site.

The inclusion of any email addresses on this website is not consent to receiving unsolicited commercial electronic messages or SPAM.

## ASA Publication Disclaimer and Limitation of Liability

The information in ASA publications is general in nature. ASA makes this information available on the basis that ASA is not providing professional advice in relation to the matters with which it deals. To the best of ASA knowledge, this information is correct at the time of publication. However, ASA gives no warranty or assurance and makes no representation as to the accuracy, completeness, currency or reliability of any information contained in ASA publications, or that it is suitable for your intended use.

Any views expressed in ASA publications are those of the author(s) and do not necessarily reflect the position or policy, or constitute the endorsement or approval, of ASA, the publisher or any editor. ASA does not guarantee the quality of, or endorse or approve, any product or service advertised or promoted in ASA publications.

Subject to any terms implied by law which cannot be excluded, ASA will in no event be liable (including in negligence) for any losses or damages, including incidental or consequential losses or damages, resulting from the use of, or reliance upon, the information contained in this publication. ASA recommends you seek independent professional advice prior to making any decision involving any matter outlined in this publication.
