About the presenter

Mikaelah currently works at Monash Health in Victoria and completed her Master's of Ultrasound at Monash University.

She has undergone specialized training in paediatric ultrasound at the Monash Children's Hospital and this year had research published which looked at unique measurements in the paediatric kidney's with unilateral hydronephrosis.

She presented at ASA 2022 and continues to pursue a passion in paediatric imaging and seeing others grow in their paediatric sonographic skills.
