

Queensland branch workshop

Breast Imaging Seminar

The ASA Queensland Branch is pleased to invite you to the upcoming Breast Imaging Workshop.

Sponsored by Canon Medical, this engaging program premieres highly regarded local specialists with expertise in Surgery, Radiology, Pathology and Sonography related to Breast diagnosis and surgery.

What we can do better: an update on breast ultrasound

Presented by Dr Vincent Andrijich

Breast elastography, does it have a future? Presented by Mike Foster-Greenwood

Appearances may be deceiving, lessons learnt from breast imaging Presented by Dr Karin Steinke

Inside a surgeon's head Presented by Dr Diana Tam

A pathologist's point of view. Presented by Dr Cameron Snell

Attendees will be able to discuss and interact with each expert during their 45-minute individual sessions.

Places are limited, so early registration is recommended to avoid disappointment.

COVID and Events

Due to changing COVID restrictions, delivery of events can change at very short notice. We assure you that if you have registered for an event and it is postponed you will be notified as soon as possible and offered a refund, or cost transfer to the rescheduled event.
