# Partnering opportunities with the ASA

## Introduction to the ASA

The ASA provides the most comprehensive range of sonographer focused CPD opportunities in Australasia.

### WHO WE ARE

The Australasian Sonographers Association (ASA) is the professional organisation for Australasian sonographers who are the experts in ultrasound. With over 7,200 members and a membership of more than 75% of Australasia's sonographers, the ASA has a significant role in supporting and advising the profession on the highest standards to provide the best possible outcomes in ultrasound for patients.

The purpose of the ASA is to foster a sonography profession that delivers high quality ultrasound with a vision of creating a healthier world through sonographer expertise. We are a not-for-profit organisation, and a registered charity working to advance the health of the public and to advance the education for those performing ultrasound.

We work towards:

- Promoting and advocating for the advancement of the sonography profession
- Driving the quality and standards of ultrasound practice
- Facilitating comprehensive skills and professional development opportunities in ultrasound, and
- Innovating and evolving to deliver organisational sustainability, value and member support.

### WHAT WE DO

The ASA provides the most comprehensive range of sonographer focused CPD opportunities in Australasia. Members have access to the highest quality learning tailored for the sonography profession. Our program includes an ever-expanding online learning library and face-to-face events, with participation of members from all locations, clinical streams, and levels of experience.

Every year we hold our Annual International Conference with our Brisbane Conference in 2023 attracting over 2000 delegates. Throughout the year we offer a number of face-to-face events such as Special Interest Group Days, localised workshops and seminars.

We also offer the largest sonography online learning opportunities in Australasia, including webinars, education videos and CPD tests, learning modules and podcasts. These online offerings reach large audiences, with over 20,000 activities undertaken every year.

Our valued partners are integral to the success of our professional development calendar and are seen by ASA members as key to shaping and influencing the sonography profession in Australasia.

## How partnering with the ASA helps achieve your business objectives

At the ASA, we firmly believe that your success is our success and we will work with you to ensure that your business objectives are achieved. We aim to provide you with opportunities to raise your profile, create competitor differentiation, build brand interaction and, most importantly, member engagement.

Sonographers are specialists in the performance of ultrasound imaging; they are expert users of ultrasound systems and daily users of a range of associated products. The ASA provides opportunities to connect, engage and develop relationships with sonographers through:

- **Profile and brand awareness opportunities to heighten visibility within the diagnostic imaging profession.**
- **In person opportunities to connect and engage sonographers with your brand and build business relationships that will drive sales growth.**
- **Opportunities to showcase your company's innovations and points of difference.**
- **Enhancing your organisation's reputation by supporting the sonography profession and aligning with our valued CPD platforms.**
- **Supporting CPD and learning activities, ensuring members remain at the forefront of their profession. Networking events with key influencers and decision-makers in the sonography profession.**
- **Participating at events will provide a list of attendees (subject to privacy laws and the delegate opt-out option).**

The ASA offers partnership options to suit a range of industry partners; from major partnerships covering a range of activities, to individual events or elements of events. These include involvement in:

- Annual International Conference (AIC)
- Special Interest Group Days
- Masterclasses (Cardiac)
- Fundamental seminars
- Learning activities (Travelling Workshops, Webinars, podcasts and live scanning education videos)
- Corporate Partnership Program
- Advertising in ASA communication mediums (*soundeffects news* member magazine, *Making Waves* research reviews, *cross section* newsletter, *Sonography* journal and the ASA website [sonographers.org](http://sonographers.org)).

For the marketing analytics behind ASA partnering opportunities please email [partnerships@sonographers.org](mailto:partnerships@sonographers.org)

**The ASA provides opportunities to connect, engage and develop relationships with sonographers**

## Corporate Partnership Program

Align your company with the ASA, the peak body for sonographers in Australia and New Zealand

### Corporate Partnership Program

\$868 +GST

Industry partners have the opportunity to be part of the sonographer community, supporting and enhancing the future of the profession by being part of the ASA's Corporate Partnership Program.

For companies supplying the ultrasound industry, employing, or educating and training sonographers, ASA Corporate Partnership Program is the most effective way to connect, engage and support our 7000+ members. It also allows your input into the ASA's advocacy platform and influence the shaping of the sonography profession.

An ASA Corporate Partnership Program provides you with the perfect opportunity to:

- demonstrate your support of the profession
- align your company with the ASA, the peak body for sonographers in Australia and New Zealand
- gain brand exposure to sonographers and other key stakeholders.

#### **As a Corporate Partner, you will receive a range of member benefits including:**

- input into the ASA's advocacy direction and strategic policy focus
- news feed of key policy change/issues effecting sonographers
- access to the ASA biennial Sonography Industry Report (cost to non- members, \$500)
- access to the ASA Occupational Health and Safety member report
- access for account holders (max 5) to watch ASA online learning webinars/ videos (no cpd points attached)
- access to ASA clinical support resources (eg codes of conduct; scope of practice etc)
- opportunity to be a major partner at our Annual International Conference and partner with us for CPD events throughout Australia and NZ and ASA online, available to Corporate Partners only
- Free access to ASA digital and print publications:
  - *cross section* – the ASA fortnightly e-newsletter keeping you abreast of ASA and industry news and events
  - *soundeffects news* – the ASA bi-annual member magazine
  - *Sonography* – the ASA peer-reviewed scientific journal
  - *Making Waves in Sonography Research* – biannual research reviews including clinical implications
- 25% discount on advertising in ASA publications and mediums as outlined in our Advertising kit
- one free advertisement in cross section, delivered to over 7000 members
- priority offer of advertising on the ASA Annual Wallplanner
- free employment advertising through the ASA jobs portal
- free promotional listing on the Corporate Partners page of the ASA website linking members to your website

To become a Corporate Partner of the ASA, please complete the Corporate Partner Subscription Form, available on the [ASA website](#)

## ASA major events

### ANNUAL INTERNATIONAL CONFERENCE

The Annual International Conference (AIC) is the flagship event for the ASA, and the largest annual event specifically for sonographers in Australasia. With over 2000 sonographers in attendance, the AIC presents a prime opportunity for you to spend time with the key decision makers and influencers in the ultrasound community. Australian and New Zealand sonographers meet annually to celebrate:

- the highly specialised role of sonographers and their unique view of the human body
- the future of the sonography profession: enhanced practice, education and training, sustaining the sonography workforce
- new technology and innovations for acquisition and analysis of ultrasound images
- a program offering learning, professional development and ongoing skill development within both the lecture sessions and workshops.
- catching up with friends, colleagues, industry rep's and leading educators in the industry.

## SIG Days

### SIG Days

\$6,000 +GST

The ASA's Special Interest Group (SIG) Days provide high-quality professional development opportunities to sonographers living across Australia and New Zealand. Held in major cities in Australia and New Zealand, they focus on a single stream eg. MSK, vascular, or women's health and showcase 3-4 expert speakers and are tailored to advanced sonographers.

The day can range from 50-70 attendees, depending on the location and topic. SIG Days are held generally on a Saturday, in a 5- to 6-hour block with a small networking function at the conclusion.

They are highly popular with our members due to the format based on expert sonographer live scanning. The events usually comprise a series of short presentations followed by live-scanning demonstrations, often including supervised hands-on scanning by delegates.

- Exclusive sponsorship of the Day
- Exclusive co-branding with the ASA on all related marketing materials
- Opportunity to provide signage (at partners cost)
- Opportunity to choose the location from a list supplied by the ASA, subject to availability
- Opportunity to provide 15-minute introductory speech/video at the start of the day
- Opportunity to showcase ultrasound machine with an applications specialist during live- scanning demonstrations
- Opportunity for the applications person to be interactive with the presenter (how the technology of the machine benefits the scanning situation)
- Opportunity for one staff member and one apps person to attend the day, including the network function.
- Delegate attendee details employer, name, state and email (subject to privacy laws and the delegate opt-out option)

Available to our Corporate Partners only.

# Partnering opportunities with the ASA

## Cardiac Masterclass

### Cardiac Masterclass

\$4,000 +GST

The ASA Cardiac Masterclass is a half-day event (9am-2pm) held in partnership with an employer in a major capital city. The Cardiac Masterclass showcases a key national interstate speaker in a masterclass style format. It provides the audience with live scanning coaching and techniques and earns delegates four cpd points. Attendance is around 30-50 delegates.

Partnering entitlements:

- Exclusive sponsorship of the event
- Co-branding with the ASA and employer on all related marketing materials
- Opportunity to provide signage (at Partner cost)
- Opportunity to provide input into the program
- Opportunity to provide 15-minute introductory speech/video at the start of the day
- Opportunity to showcase ultrasound machine with an applications specialist during live-scanning demonstrations
- Opportunity for the applications person to be interactive with the presenter (how the technology of the machine benefits the scanning situation)
- Opportunity for 2 staff members to attend the day
- Catering (morning tea and lunch) to be provided by ASA.
- Delegate attendee details (full name, state, employer, and email) provided post event, subject to privacy laws and delegate agreement to share their information with the sponsor.

Available to our Corporate Partners only.

## Fundamental Seminars

### Cardiac and General Fundamental Seminars (Online) \$1,000 +GST

Partnering entitlements:

- Exclusive sponsorship of the event
- Co-branding with the ASA on all related marketing materials
- Opportunity to provide a 'commercial' showcasing your product or service during the breaks (video or holding slide)
- Opportunity to provide 5-minute introductory speech/video at the start of the day
- Opportunity to be involved in the Q&A panel
- Delegate attendee details (full name, State, employer, and email) provided post event, subject to privacy laws and delegate agreement to share their information with the sponsor.

Available to our Corporate Partners only.

# Partnering opportunities with the ASA

## Travelling Workshops

### Travelling Workshops

\$2,500 +GST

The ASA's Travelling Workshops provide high-quality professional development opportunities to sonographers living in capital cities, regional and rural locations alike across Australia and New Zealand.

The workshops can range from 20 to 60, depending on the topic and location. They are highly popular with our members due to the format based on expert sonographer live scanning.

Travelling Workshops are held generally on a Saturday as a 5–6 hour block. Workshops comprise a series of short presentations followed by live-scanning demonstrations, often with supervised hands-on scanning by delegates.

- Exclusive sponsorship of the workshop
- Opportunity to choose the location from an extensive list, subject to availability
- Opportunity to provide signage (at partners cost) for the workshop
- Opportunity to provide 5–10-minute introductory speech/video at the start of the day
- Provision of networking lunch and/or morning tea (if applicable)
- Opportunity to showcase your ultrasound machine with an applications specialist
- An opportunity for the applications person to be interactive with the presenter (how the technology of the machine benefits the scanning situation)
- Exclusive co-branding with the ASA on all related marketing materials
- Delegate attendee details (full name, employer, state and email) provided post event, subject to privacy laws and delegate agreement to share their information with the sponsor.

Available to our Corporate Partners only.

# Partnering opportunities with the ASA

## Education video

### Education video

\$3,000 +GST

- Use of Partner's ultrasound machine and applications person for filming of ASA education videos
- Demonstration of scanning techniques using Partner's ultrasound machine
- Opportunity for up to a 5-minute presentation at the beginning or completion of each education video
- Exclusive co-branding with the ASA on related marketing materials
- One (1) advertisement alongside the on-demand education video listing on the ASA learning management system
- Report(s)
  - Number of participants who viewed video ON-DEMAND (3 and 12 months post event)
  - Details of participants (full name, state, employer and email) (3 and 12 months post event), subject to privacy laws and participant agreement to share their information with the sponsor.

Available to our Corporate Partners only.
